EDUCATION

2015 Macquarie University, Sydney

Master of Research

Grade: 82% · School: Astronomy and Astrophysics
Description: The second year of the Master of Research program is devoted entirely to research. I constructed dynamical models of galaxies to constraint the Initial Mass Function. This year involved international collaborations, conference attendance, and writing journal articles, in addition to the research and Thesis writing.

2014 Macquarie University, Sydney

Bachelor of Philosophy

GPA: 3.750 (4-pt. scale) · School: Astronomy and Astrophysics
Description: As the first year of the Master of Research program, this course extended on the content of the Bachelor of Science, with emphasis on real-world physics and applications to real research. In

addition, it dealt with more advanced content, including magnetohydrodynamics, Bell's Inequality, and thermodynamics.

2011–2013 Macquarie University, Sydney

Bachelor of Science

GPA: 3.545 (4-pt. scale) · School: Astronomy and Astrophysics

Description: Extensively covered advanced topics in quantum physics, solid-state and particle physics, astronomy instrumentations, and astrophysical theories. I took additional non-compulsory mathematics courses.

2009–2010 Bossley Park High School, Sydney

Higher School Certificate

ATAR: 89.35 (99.95-pt. scale)

ACADEMIC EXPERIENCE AND AWARDS

Awards

2018 · European Southern Observatory (ESO) Studentship Programme

2014 · Australian Institute of Physics Prize for the first year of the Masters of Research Program in Physics

2014 · Invitation to join, and acceptance into, the Golden Key International Honour Society

2014 · Macquarie University Summer Vacation Scholarship

2013 · Macquarie University Summer Vacation Scholarship

Research/External Experience

2019 · Scientific Assistant on the Observing Programmes Committee (OPC) at ESO

2019 · 12 months full-time research at ESO (Garching)

2018 · Working visit to ESO (Garching)

2018 · Working visit to MPIA (Heidelberg)

2017 · Participation in [ASA IDEA Diversity in Astronomy Workshop](#)

2017 · Working visit to MPIA (Heidelberg) and ESO (Garching)

2015 · Working visit to Oxford University

Journal Referee

2017 onwards · MNRAS

Contributed Talks

2019 · ESO Wine and Cheese Seminar

2019 · Universitäts-Sternwarte München Computational Astrophysics Group Meeting

2019 · [The Life and Death of Star-Forming Galaxies](#)

2018 · Fornax3D Collaboration Meeting Padova

2018 · [Astronomical Society of Australia's \(ASA\) Annual Scientific Meeting](#)

2017 · MPIA Heidelberg Galaxy Coffee Seminar (*invited*)

2016 · [Lorentz Centre IMF Workshop](#) (*invited*)

Contributed Posters

2017 · [Astronomical Society of Australia's \(ASA\) Annual Scientific Meeting](#)

WORK EXPERIENCE

2016–2019 Sales Assistant, EDENSOR LOTTO & POST

Edensor Lotto & Post

This store is a Newsagent and Post Office combined. It also contains an outlet for national lottery, which is only accessible to staff after strict “anti-money-laundering” and criminal history checks, and for which I have been granted access. My roles in this position include sales of lottery at the aforementioned outlet; high-volume cash handling from bill/fine payments, lottery winnings, cash withdrawals and deposits, and Western Union; newsagent sales, including all types of stationery, national and international newspapers, and magazines; handling large and/or fragile mail. I created a complete tax invoice generation and management computer program (front- and back-end) for the store, which is necessary for the businesses that hold commercial accounts for their postage.

Reference: Susanna GEORGES · +61 404 073 344 · edensorlottopost@gmail.com

Macquarie University 2015–2018 Lab Supervisor/Demonstrator & Marker, MACQUARIE UNIVERSITY

Assisted students enrolled in undergraduate astronomy classes while they conducted their weekly experiments. This involved explaining specific astrophysical concepts without the use of jargon; demonstrating how to use the technical equipment, and troubleshooting/repairing them if necessary; marking the subsequent lab reports; providing written feedback and face-to-face consultation to the students. As a supervisor, in addition to the above roles, my additional responsibilities included mediating any issues that arose during a lesson; evenly distributing work-loads to the other demonstrators; ensuring that the lab ran on time, and that the students had safely vacated the room at the appropriate time.

Domenic's Video Maintenance 2009–2012 Labourer, DOMENIC'S VIDEO MAINTENANCE

Assisted in the creation and installation of automated circuits for school bell schedules; assisted in the installation of speakers and control stations for P.A. systems across school grounds; assisted in the installation of touch-type smart boards, including short-throw projectors; assisted in the installation of domestic audio/visual equipment, including external antennae.

Reference: Domenic PAGANO · +61 412 025 250 · domsvideo@hotmail.com

Dick Smith Electronics 2008–2011 Sales Assistant, DICK SMITH ELECTRONICS — Bonnyrigg, NSW

Handled cash/banking, and balancing registers at the end of business hours; was responsible for store presentation, including elaborate stock presentations; was responsible for the organisation of the stock store room to maximise efficiency and improve customer service; assisted customers with advice/recommendations, explanations, and sales services. I received numerous commissions for regularly increasing weekly sales figures.

At the time of writing, this company had gone into receivership, and so a reference is not available.

Riccio Kitchens 2007–2009 Labourer, RICCIO KITCHENS

Assisted in the construction and installation of large kitchens, including marble and granite bench-tops; Constructed drawer sets, stand-alone cabinets, and shelving projects, including hinges and racks, for domestic and commercial purposes; assisted in the preparation of wood products, such as finishing, applying edges, and sanding.
